

EmPOWERed Parenting

Is designed specifically for those who want to build strong families and connect with other parents, in order to learn and grow in the parenting process.

Empowered Parenting will provide a safe place for parents to share experiences, struggles and joys with others who are on the same journey. **Empowered Parenting** offers solid, spiritual training for parents in a large group format, as well as small group teaching, that will be targeted to specific parenting needs and situations.

Keep these words that I am commanding you in your heart. Recite them to your children and talk about them when you are at home and when you are away, and when you lie down, and when you rise.

Empowered Parenting is... Biblical Teaching for Parents

Small Group Discussion

Fun & Relevant Kids' Teaching

Fellowship Between Families

Small Groups Offered for the Spring 2010 Semester

Special Focus: Single-Parenting

Being a single parent is hard work. Being a single parent trying to raise Godly kids is even harder. Together this group will help you face the joys and challenges that every single parent will encounter. You are not alone!

Leader: Tess Lewis

Special Focus: Bringing Up Boys

With so much confusion about the role of men in our society, it's no wonder so many parents are at a loss about how to bring up boys. This group will offer insights from Dr. James Dobson and provide parents with dynamic biblical principles and the encouragement they need to steer boys of any age toward confident, responsible manhood.

Leaders: David and Alecia Manes

Special Focus: Moms and Daughters

Do you have a daughter between the age of 8 and grade 8? Wanna help her grow into a well-rounded, strong and happy "Girl for God"? Begin today to nurture your bond with your daughter. Topics will include: "How I Can Honor God with My Time," "How I Can Honor God with My Body," and "What God Has to Say About Me."

Leader: Heather Richards

Special Focus: Married with Children

The best gift you can give a child is two parents who love each other. This is easier said than done, especially when there are children in the house! This group will help you and your spouse stay connected and "in love" while dealing with all of the parenting issues facing couples today.

Leaders: Josh and Lindsay Schlesinger

Special Focus: Blended Families

More than one in five families is a blended family. Blending a family is both a blessing and a challenge. This group will help guide your family through this journey as we look at areas of family life that are unique to those who re-marry.

Leaders: Richard and Debbie Wooten
