

The
VINEYARD CHURCH
NORTH PHOENIX
Guide to

Small Groups

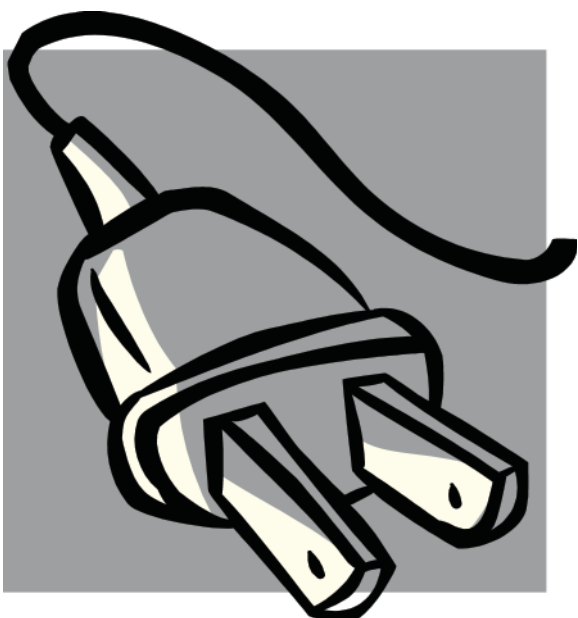

revised August 2009

Small Groups Are a Big Deal

At the Vineyard, we have found that friendships, personal growth and pastoral care are best developed in the community of small groups. We have a large variety of groups to choose from. Some groups emphasize a Bible discussion, others are centered around an activity or common interest, while others focus on such topics as marriage, the family, and women's or men's issues. Whatever the topic or interest of the group, you can be assured it is led by a trained, qualified leader, and the opportunity to pray with each other will be available.

These groups meet at a variety of times throughout the Phoenix area, insuring that there is a group that will fit almost everyone's interest and schedule. Our groups are designed to welcome new guests and would love to have you visit them.

We recommend that you call the group leader prior to your visit to make sure that the group is meeting that week.

How to Get Plugged In to a Small Group

- Look through this catalog and decide what group would work best for you. Some things you might want to consider are: personal interest, day and time of the meeting, length of the commitment, and location of the group (see Small Group Location Map Brochure for assistance with group locations).
- Attend the group regularly and get ready to make new friends and experience why we are so big on small groups.
- If the first group you visit is not what you were looking for, feel free to try a different group.

(If you are looking to join a group after its initial start date, that's fine. Our groups are open to guests throughout the semester.)
